Five recounts across Haliburton

Anyone who has ever questioned the value of a single vote will think again after last Monday's municipal elections in Haliburton County produced such close results that five recounts are necessary.

Dysart Township's race for council in Ward One produced a dead heat between candidates Joan Irish and Bob Nichol. Each earned 417 votes and a recount of the ballots failed to break the tie.

Nichol was ultimately given the nod when his name was drawn out of a box, which is the procedure outlined in the Municipal Act for breaking ties.

Recounts are still

pending in four other municipalities, where results were so close that the possibility of an error in the count has to be considered. For the 12 candidates involved, the tension of this election will

continue until at least November 28, the earliest practical date for a recount. The municipalities involved in these are Minden, Lutterworth, Monmouth and Stanhope.

Although the count in

Anson, Hindon and Minden Townships showed Lewis Stevens as the winner of the third and final council seat with 641 votes, fourth-place finisher

(more on page 32)

There was a packed house for the Winter Wonderland Fashion Show at Minden Community Centre last Thursday as lovely models displayed the latest fashions from Just for You Fashions and My Size. The show, which lasted for two hours, proved that one does not have to live in the city to find fashionable ladies' wear.

Zoning bylaw is approved

In one of their official functions as members of Anson, Hindon and Minden Township Council, the three outgoing members passed the controversial flood plain zoning bylaw, as well as the comprehensive zoning bylaw last Thursday.

The meeting, held three days after the municipal election, saw Councillors Verne Graham and Royce Miller vote in favour of the flood plain bylaw, while Councillor Bob Sisson and Deputy Reeve Bern Berry voted against. Reeve Sinc Nesbitt cast the deciding vote in favour of the bylaw.

This was the final council meeting for Nesbitt and Graham who were defeated in the election. Miller did not seek re-election.

About 25 people, some who had travelled from as far as Toronto, were in the council chambers to see the passage of this bylaw. Another 25 latecomers were inadvertently locked out when someone in the audience closed the door between the council chambers and the waiting area.

They were all there to see the vote. However, few even realized the issue was being addressed until after the vote was taken and the bylaw was passed.

In its normal manner, council gave three readings to this and two other bylaws with one show of hands and without actually having the bylaw read aloud. This caught those in

(more on page 3)

Flood plain policy easing

A new provincial policy for flood plain management will grant greater flexibility to municipalities when drafting land-use plans for flood susceptible areas, an article in the Ministry of Municipal Affairs publication "background" has stated.

"Local government will now have the opportunity to use local, historic flood information for setting flood standards under certain conditions," the brief article says, quoting John Eakins, Ontario's Minister of Municipal Affairs.

Lutterworth Township Deputy Reeve Carol Puffer (as of Dec. 1, Puffer will be Reeve) brought this information to council's attention during a meeting last Thursday night. Lutterworth is fighting the flood plain designation the Ministry of Natural Resources wants to impose along certain sections of the Gull River. Council has been trying to find a way around this restrictive zoning, and this new policy statement

(more on page 3)

Voter turnout 17.6%

Voter participation was again very low in last Monday's municipal elections with a county-wide turnout of only 17.6 per cent.

Overshadowed by an intense federal election and in the midst of the annual deer hunt, speculation of a low turnout at the polls held true. Voter participation dropped off in almost every municipality in Haliburton County, with a

few notable exceptions.

In Snowdon township, where there was a fierce battle between George Simmons and the incumbent Bob Vick for Reeve, voter turnout more than doubled the figures from the previous two elections. Both Simmons and Vick knocked on a lot of doors in this campaign and the result was a 24 per cent turnout. Two thirds of those ballots went to

Simmons, who ended Vick's 20-year reign.

Voter turnout was up slightly in Dysart et al Townships as well, with another hotly contested race for Deputy Reeve. Bill Davis waged an impressive campaign to be elected over incumbent Sid Cooper.

The race here was expected to be much

(more on page 32)

Oops!

A slip of the tongue by Bill Scott during a live CKLY radio debate forced the Progressive Conservative candidate's staff to act quickly to avoid damage to his campaign. At the end of the November 9 debate Scott told the listening audience he did not intend to serve the entire term if re-elected. What he obviously meant to say was that he does intend to serve the entire mandate.

Campaign staff immediately set out to contact all the area media to correct the slip.

around the county town

Beaverton.

Some people needing good wishes are Merle Pringle, Joe Dollo, George Davidson, Margaret Bibby, Wanitta Hogg and Bernice Shaw.

At the Euchre Games at Lochlin Centre November 15 winners were lone hands - Bruce O'Brien, and May Hicks, Annie Schrader, Don Sinclair and Chris Hill, with next games there being November 29th.

The Junior Redmen from Haliburton Highlands Secondary School are Ontario winners and congratulations to all, and this was on November 16th.

Gladys Reid was again away for a weekend visiting with her daughter

The Laidlaw Bus chartered by Minden Women's Institute left on Wednesday, November 16th right at 8 a.m. with genial driver Headworth. The scenery en route was dull, but for some, a new part of our province, as they passed Buttonville Airport and then down the Parkway past CN Tower and then the Sky Dome in construction. These we saw as the traffic was, as usual, slow.

At the Coliseum, there were crowds of youngsters as well as numerous others. We found a "quick" line and were soon inside. Then as it was 10:45, our group scattered. There was much to see and we walked and walked, stopping at a bench now and then to rest. When it came around to 1 p.m. we arrived at a small ring where horse breeds were shown and their riders told of their skills and uses.

A warm-up ring was near and there we saw a variety of riders of grand horses. In our walking we saw the Canadian horse team, and Big Ben but he didn't look our way.

Most of the children seemed rather indifferent to all the animals, but came alive at the Petting Zoo. November sunshine was there when we boarded the bus at 3:30 and on to Manchester for a chicken dinner and onward again. The crowd then joined in song, not very tuneful, but passing the time on our way home in the dark and arriving at 7:30 after a very full day.

in Toronto.

Andrew Beattie and a friend from Richmond Hill visited one day last week with Grandma Joyce Hewitt.

Arnold and Pearl Cowen left last week to visit with Teresa and Al Clement and boys of Scarborough.

Betty and Gerald Hicks from Oshawa spent last week with Bessie Burk. Betty Hicks and Bessie Burk enjoyed a visit with Jean Burk at Kushog Lake while Gerald was away hunting.

At the Agnes Jamieson Gallery is Childrens' Art Work and a Quilt, made by the students of A.S.E.S. This show was on display at the Department of Education Offices in Toronto and will be at the

Gallery until December 17th. Also the Christmas Show and Sale is on until December 17th as well.

The Canadian foundation Ileitis and Colitis (CFIC) once again is selling Christmas cakes and if you would like one call 286-2174.

Winners at this week's Club 35 Euchre Party include: 50-50 Mary Schad, most lone hands - Eleanor Ferris, high lady - Madeline Redfern, high man - Bill Cowen, and others - Thelda Watson, Neil Cartwright and Madeline Redfern. Due to the election on November 21, our euchre will be held on Tuesday, November 22nd. Don't forget our pot luck supper on November 25th at 6 p.m.

Haliburton County Alzheimers Support

Group meeting is at Hyland Crest Wednesday, November 23 at 7:30 with a video. Also that night at the Council Chambers will be Special Speaker Guy Scott through the Minden Museum Group. The annual Christmas luncheon bazaar of the United Church Women is on November 25th, after 11:30 a.m. Then the Minden Branch of Red Cross will be having a craft display and sale during the Lady of Fatima luncheon on December 2nd after 11:30 a.m. A Toy and Book Sale is Archie Stouffer Elementary School November 28th at 8 p.m. and this from the Home and School Association.

After we grow up, we stop believing in fairy tales - except those told by politicians.

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down forward, backward and diagonally.

They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Practice will change

(from page 1)

the gallery off guard as the discussion they had antici-

pated on this issue did not come about. Municipal bylaws need

to go through three readings and votes before they can be incorporated. To save the time and trouble of going through the actual process of three readings and votes, some municipalities choose to "assume" that it has been read three times.

This is the normal manner of dealing with bylaws in Minden. However, it is a practice that will be changed once the new council is sworn in, says Reeve-elect Ray Moore, who was in the audience Thursday.

Although Moore agrees there are times when this practice is acceptable, he says bylaws should not be handled this way when they involve important issues or when there is an interest expressed by the

public.

Because he had not seen what was in the bylaw, only the vague description on the meeting's agenda, Moore said he could not comment on the bylaw itself. However, he opposes the way it was passed, saying "if I were on council that never would have happened." He says a bylaw of this nature should have been given three readings and had three votes.

Although the bylaw has been passed by council, residents have a period of 35 days in which to file an objection, which could force it to an Ontario Municipal Board Hearing.

Local information can be used

(from page 1)

from the province provides some hope.

One of the main bones of contention with the flood plain mapping done by the Ministry of Natural Resources is that a worst-case scenario is used in establishing just which areas are prone to flooding. Using a computer simulation of the Gull River, one of the worst storms to ever hit Ontario was fed in, already assuming that the lakes are at their peak spring levels. Opponents of the zoning contend that odds against this ever happening are incredible.

According to the article in "background", municipalities will now have the opportunity to use local, historic flood information for setting flood standards under certain conditions.

Copies of the complete policy statement will be available in the near future. In Minden, they will be available through the Ministry of Natural Resources.

editorial

With the number of services, functions and responsibilities of Haliburton County Council on the rise, it's good to see some turnover in council members as a result of the municipal elections.

Half the people sitting on the next county council will be new members while the other half are returning. This should provide a good mix of fresh ideas and experience to create a progressive level of government, ready to meet the challenges of the next three years.

The most evident shortcoming of the last council was that it was dominated by members who had sat with this body for years and were opposed to any change. The clearest example of this was the uproar caused a few years back when two of the newer councillors requested an opportunity to study the annual budget before voting on it. In the view of the opponents to this request, it represented a change from the old ways, and worse; it meant that these two new councillors were not willing to place their trust in their counterparts, the committee members who drafted the budget.

Of course, that argument was pure hogwash. We don't elect people to place blind trust in others. We elect them to represent our interests, to question what they are unsure of, and to vote with a full understanding of their actions. Voting strictly to satisfy committee recommendations does not fulfil this requirement.

We hope the new members of county council will have the courage to stand up for their beliefs the way Carol Puffer and Bern Berry stood up to the rest of council to win a small concession on the budget issue. At the same time, they must recognize the value of experience and turn to their counterparts for insight into some of the issues they will be addressing.

This is what is meant by co-operation. It is the ability to work together toward a common goal while respecting each other's different opinions and interests.

for your service

by Norma Amyotte

By the time you read this article the Minden Kinettes will have held their third meeting of the season. October was a very busy month for our club. We ran the chuckwagon during the demolition derby. All of the money made at this event will go to community service work, such as helping fire victims, the association for children with learning disabilities, Rails' End Gallery, Haliburton and District Association for the Mentally Retarded and many more.

We will also be helping our Kinsmen at their Annual Hunter's Ball.

Last year the Minden Kinettes had the second largest club in Zone C. Since then we have lost a few members, but with a new change in our bylaws we have a chance to grow again. The open membership issue was passed at National Convention this past summer. With a 86 per cent majority vote, Kinettes may now recruit women from the ages of 21 - 45 to join the association.

(more on page 20)

Politician/cockroach: What's the difference?

"Spare me the sight of this thankless breed ... who cringe for favours from a screaming mob and do not care what harm they do ... providing they can please a crowd!"

Who said that - and more important - who was he talking about? Lawyers? Pirates? Rock stars? David Letterman?

Nope, those words came out of the mouth of a Greek chap by the name of Euripides about 2500 years ago. The group he was running down is a group that is as hale and hearty today as it was two and a half millennia ago.

Politicians.

We've had a regular infestation of the critters this year. Not only have our own federal pork barrelists been knocking on our doors and ramming stakes in our lawns, but we've had to contend with the American presidential sweepstakes as well. For the last two months I haven't been able to turn on the TV without having the hydra headed Bushbrodbent-turnermulroneydakakis serpent slither out into my living room spitting venom and solhissiting votes.

Or even worse, the dreaded 'spin doctors' - the

black 'n white

by Arthur Black

backroom handlers and trainers, ever ready to explain to us how we should feel about the cardboard cutouts who are running for office.

All in all, the election campaigns on both sides of the border turned out to be not tremendously exciting affairs. It's been more of what we used to call in the army "S.O.S." - Same Old ummmm Stuff.

But our Federal election could have been a real thriller if they'd listened to Judd Buchanan.

Back in the summer, the former Liberal cabinet minister tried to get his party to offer a money back guarantee for party donations.

In other words, if Liberals didn't make good on their election promises, everybody who donated money to the party would get their money back.

Naturally, saner heads prevailed and Buchanan

was grabbed by the elbows and hustled into the back room with as little fuss as possible. Politicians keep their promises? The man must be mad. Besides, what if the idea took root and voters started expecting politicians to actually do what they said they'd do? Why, it would be the end of democracy as we know it.

I spotted one other revolutionary political idea in the paper recently. It was a news story concerning some antique whiskey bottles shaped in the likeness of two early Canadian politicians, but it was the headline over the story that caught my fancy.

It read **BOTTLED POLITICIANS GIVEN TO MUSEUM**

Bottled politicians - what a concept!

Still, you've got to admire politicians for resilience if nothing else. I mean could you or I stand all those doors slamming in our faces? Could our stomachs survive a steady diet of rubber chicken and lukewarm tea? Could our souls withstand prolonged exposure to Question Period? Dunno about you, but I'd wither up and blow away inside of a week.

(more on page 5)

opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. The five 'R's for a healthy environment

Editor:

The response to the recycling meeting sponsored by CHANGE three weeks ago was extremely gratifying. Over 100 people came to listen and say what they wanted. It was apparent that there is great interest as well as the great need to have recycling start as soon as possible.

Once I became conscious of the effects of my wasteful action there became a need to make a change. I became troubled by the needless packaging and all the money spent on

marketing. Do you remember when the liquor store only had steel racks and bottles? Now it's 'cooler' marketing madness. This trend is not only happening at the L.C.B.O. I look at everything I'm about to throw out too many times, according to some, and I drag things home that I cannot bear to see buried. I move metal to the proper area and furniture to the Stanhope depot run by Ann Barker.

My friends who have been to India say that a piece of paper can hardly hit the ground before it has

been grabbed by somebody. The dumps swarm with ragpickers and others looking for any reusable scrap. Our dumps would represent considerable wealth in the third world.

There are municipal elections coming up and many of the hopefuls are talking about the need to protect our environment. I hope they are sincere because the time is now for recycling as well as for the other three of the four R's: Reduce, Recover, Reuse.

I have been struck by the notion that there is a fifth "R" - Refuse. I must refuse

to let myself accept the convenience of another plastic bag at the grocery store. I can reuse the ones I already have. I can refuse to buy another double wrapped tray of frozen fish or lamb chops. I can refuse to drink from any more styrofoam cups. (Islip, New York, the home of the infamous, well travelled, garbage barge has refused to allow the use of styrofoam containers in the town, subject to a stiff fine for every violation). I can refuse to buy ketchup in those unrecycleable multi-laminate squeeze bottles. I

can refuse to be silent and passive. I can refuse to lose hope that the necessary changes will happen.

Why should any food packaging not be made recycleable? The founder of The Body Shop, a company that makes hair and skin care products that come in refillable containers, has challenged the major food chains to move in this direction. A logical answer would be to move toward more bulk food availability. There is a change in the standard of living implied in all this. Can you imagine what will

happen if the entire world reaches our so called high standard of living?

Should we refuse to allow cardboard in the dumps as other municipalities are doing? Cardboard should be recycled. Perhaps the major contributors to the land-fill sites in the community can get together to buy the necessary equipment to handle the recycling. The market is there. The corrugated recycling industry in Ontario is importing 50 per cent of its

Bonding week

Editor:

I would like to try and suggest an alternative to hunting.

I feel the root cause of this tradition is male bonding.

Therefore, in order to preserve the lives and rights of others, this prolonged season of ducks, moose, bear, partridge, moving up to deer season, must stop.

The woods are open to people bearing weapons purposefully intent on killing.

The animals of the world, are overexposed to hunters for a prolonged period of time.

The animals don't know when they are in season

exactly, they only feel the fear of the hunted.

Sport killing is not right.

Especially true, at a time when stores are already stocked with carcass from many varieties of animals.

I propose a "National Men's Week".

A time of the year, when it is not only feasible, but expected, that men gather with men.

A week to show that we appreciate our men.

Recognition for their stress and efforts.

A male, a highly intelligent creature, but, women still have the responsibility of creating attitudes.

No Wiebe,
Minden, Ont.

Cockroaches

(from page 4)

Russell Baker, the American humourist, once said of politicians "They're among the few people who still work, live by their wits, have not job security, endure brutal hours, and show great ingenuity, even when they're thieves."

Yup, politicians are tough, alright.

In fact, and I don't mean this unkindly - politicians remind me of cockroaches.

Like the cockroach, politicians are extremely hardy, quick on their feet, able to live on crummy diets in dark, dank places - even the Senate.

And both species are amazingly tenacious. Cockroaches have been around for hundreds of millions of years. Just like Allan MacEachen. Scientists say that the only earth species likely to survive a nuclear holocaust would be the cockroach. They didn't mention politicians for fear of jeopardizing their research grants.

Of course, if we did have a nuclear war and only the cockroaches and a few politicians survived...

Then the cockroaches would be living on borrowed time.

New council a good mix

There is a healthy mixture of experience and new ideas on Anson, Hindon and Minden Council, Reeve elect Ray

Moore says of those who will be working with him for the next three years.

Moore, who received a surprising amount of support in unseating in-

seating incumbent Reeve Sinc Nesbitt in last Monday's municipal election, is optimistic about the future of the townships and said he is

very pleased by the quality of the candidates elected to join him at the council table.

Tension was high last Monday in the council

chambers as the candidates gathered to watch as the results gradually filtered in. The tension, though, was generated mainly by the very close race between Verne Graham and challenger Lewis Stevens for the final council seat. The rest of the results were fairly clear cut from the outset.

Moore won at every polling station but one, and outpaced Nesbitt by a total of 256 votes. Mike Maher was the leader in the council race, picking up 1,049 votes, followed by incumbent councillor Bob Sisson with 876. Monday's count shows Stevens as the winner of the third council seat with 641 votes. However, Graham, who trailed by only three votes is requesting a recount.

Moore, whose municipal experience was gained on Gravenhurst Town Council and on Muskoka

District Council, says he now has to earn the trust that has been placed in him. "I will lead to the best of my ability with truth and fairness to all for the betterment of the community," he said last week.

Initially, there will be a period of transition, "then it will be my intention to act with clarity, and understanding of all decisions of council," the newly-elected Reeve says.

One of the first orders of business for the new council will be an informal meeting where all five members can sit down and discuss what goals they would like to see accomplished in the next three years. Moore said he wants to hear ideas from all council members, no matter how wild they may be. Moore feels this exercise will help get the new council started on the right foot.

Flood plain passage draws local ire

The quick passage of the flood plain zoning by-law by the Anson, Hindon and Minden municipal council has drawn the anger of one of the community's most vocal opponents to the legislation, Gord Monk. He described the passage of the by-law as "unscrupulous and underhanded."

Monk said he heard about the possible passage of the legislation November 13, but did not receive official notification of the

council's intention until the following Tuesday. He noted council policy requires any delegations wishing to appear at the next meeting, notify the clerk of their intention by Monday of the week of the meeting.

While a substantial number of residents affected by the new by-law were in attendance at the Thursday council meeting, none was listed on the agenda and no one from

the group spoke up when the council gave the legislation its required three readings and passage.

Monk claims the letters notifying affected residents of the Thursday meeting had been prepared several weeks in advance, but were dated November 11. He suggests the letters could have been sent with enough time to allow those opposed to be ready to speak out on the matter.

The Minden resident has

called for a full investigation of the way the incident was handled by the municipality, suggesting the Ministry of Municipal Affairs should be asked to examine the procedure. He also said that Deputy Reeve Bern Berry has been the only member of council who has been "honest" on this matter. Mr. Berry voted against the flood plain resolution and the zoning bylaw.

The New Guard

Last Monday's municipal elections in Anson, Hindon and Minden townships brings three new faces to the council table along with two incumbents. Council members seen from the left, are, Lewis Stevens, Ray Moore, Bern Berry, Deputy Reeve, Mike Maher and Bob Sisson. A recount has been requested by former council member Verne Graham.

letters

needs from the U.S.

CHANGE is working to see that the facilities for recycling are soon in place. Ideally, this should be a county wide or regional program. However, in the interest of getting started, we will start small and let the thing grow. What you can do is to go to the

candidates meetings and express your concerns. Talk to your neighbours and examine your own life to see where you can reduce your waste.

Most importantly: Refuse to waste your vote.

Eric Lilius,
R. R. 1,
Haliburton, Ont.

HOMETOWN CHRISTMAS '88

YOUR HOMETOWN

A great place ... to live, to grow, to shop. With the Christmas season just around the corner, you are no doubt preparing your shopping list. This year, visit local shops and stores first. Local businesses are an important part of your community. They provide services year 'round, are there when you need them and have a wide selection of merchandise. Moreover, local businesses provide employment opportunities, contribute to the welfare of the community and take an active interest in the growth and future of your hometown.

at Highlands Plumbing

Main St. - MINDEN - 286-1195

To Minden from Misti

≡λττ—

Hi! How are you doing? I'm great! I am starting to catch on to the language now and communicating is becoming a little easier! I have been taking Japanese language lessons at school and soon I'll be starting some out of school lessons!

I started school September 1. I go to school six days a week. From Monday to Friday I take six subjects a day. Four subjects before lunch and two after, each class being 50 minutes long. Saturday

I take three classes in the morning.

I get up at 7 a.m. to prepare for school; I wear a uniform, a navy skirt (that's very itchy!), a white blouse, wine coloured tie, navy vest, and blazer in the winter. I have four pairs of shoes for school. A pair of black penny loafers that I wear to and from school, a pair of white no-lace runners for in class (you change into these shoes before you enter the school), a pair of white runners for phys. ed. in the gym and finally a pair of shoes for outside phys. ed.

I leave for school at about 7:45 a.m. and sometimes walk (35 - 40 minutes) or ride my bike (15 - 20 minutes). It depends on how energetic I am! School begins at 8:45 a.m., lunch is at 12:35. For lunch I have what is called obento (un-ben-ton). This lunch contains rice, a vegetable or two, fish or meat and sometimes fruit. It is carried in a little plastic container that is sort of like a lunch box.

Most of the students eat obento but some eat at the cafeteria where Japanese lunches are served. (No hamburgers or fries). School begins again at 1:25 p.m. and continues till about 3:30 p.m. Some students will stay for an extra class. At 4 p.m. clubs begin. There are many clubs in my school includ-

school (on the average) 8 hours a day! The reason they like it so much is because it is the only time they really get to socialize and meet new people. High school students in Japan are dedicated to studying - even though, just like Canadians, they aren't too fond of it.

I am in grade 2 here. In

Choosing a club to join isn't easy when there are so many to pick from.

ing basketball, volleyball, basketball, karate, judo, kendo, tea ceremony and flower arranging, photography, science, art, weight-lifting, music, tennis and soccer. (I think that's all). Clubs usually last until 7 p.m. or 8 p.m. Right now I am checking out each club carefully before I decide which one I will do. And believe me it's a hard decision! Clubs are popular with the students and they enjoy going to

high school there are three grades; grade one 15 to 16 year olds, grade two 16 to 17, grade three 17 to 18. Here in Japan high school is not compulsory - only if you want to enter university.

My school trip is from November 15 - 18. All of grade two will be going to Okinawa, something I am really looking forward to!

Well, I'll go now - so until next time sayonara! Love Misti.

HALCO PLAZA — HALIBURTON — 457-1590

Guild calls for support

by Ginnie Muenzel

I know that many of you are wondering about the financial status of the Haliburton Highlands Guild of Fine Arts since receiving a letter that went out from the Board of Directors. We have, in turn, received a few letters from Guild members asking some very pertinent questions. I will try to deal with some of those questions here.

We have also received several donations from various Guild members. On behalf of the Guild, I thank you sincerely for that.

Yes, the Guild is in a bit of a financial bind again. But, from what I'm told by long-time members like Barb Peel, Barb Bolin, Carol Finn, and even our bookkeeper, Norma Douglas, things are no worse than they've been several times before. So we basically believe that, with the help of our membership, we can recover as we've done before.

But it is also quite evident that many long-time, loyal volunteer Guild members are getting tired of this cyclic financial exercise. The artisans of the Guild are spending too

much energy and time in an unending struggle to raise funds to support the Gallery. And almost no time just enjoying their fellowship and craft. Many of the women have taken jobs in the community. Several volunteers are just no longer able to do the work. And those of us who carry on are burning out from the work load. It's time for a change.

We congratulate Alec McLeod. He sounded the alarm, and repeated it until we all listened. We have sat in several extra meetings this fall. And we now think we have a viable plan.

We are carefully examining all of our fund-raising resources. Then we will choose the four most profitable and do everything we can to make each of them better. Our choices will probably be: The Summer Sale and Exhibition, The Art Auction, Corporate/Personal/Family sponsorship, and The Christmas Sale. Perhaps one other.

We will be making a few changes in the Summer Sale format. These will be announced soon. We will also be spending a considerable sum of money to improve our advertising, props, and signs for this

event. We are in competition with a good many other sales nowadays, and we have to spruce up our image if we want our fair share of the market.

I intend to work, myself, toward making the Art Auction a more professional, social event.

Barb Peel has taken on the challenge of finding Corporate/Personal and Family Sponsorships. This, we feel, can be a very significant contribution to our financial status. It is our hope to raise \$20,000 by issuing \$500 annual Corporate Sponsorships, and \$200 Personal or Family Sponsorships. Barb desperately needs help. She has, to date, raised over \$3,000 almost single-handedly. It's not a difficult task. But we need more than one person doing it.

I am asking, as a favour to this Guild, for three persons to commit themselves to four hours a week to help Barb. I am also asking anyone able to financially support us, through their business with a \$500 a year, tax deductible sponsorship, or a Personal/Family \$200 a year tax deductible sponsorship to please call Barb Peel at 457-2752, or the

Gallery at 457-2330, or me at 754-2181. We will be happy to come talk with you.

For the Christmas Sale this year, we are asking the artisans to create more items of \$25 and under. These are the things that go the fastest. Yes, we still need a few of the higher priced items. A small group of volunteers are making some pine cone decorations and some willow baskets for sale. This year, the sale will be attended to mainly by the Gallery staff. We are trying to make ourselves more visible. It is possible that next year, the sale will be shortened.

Finally, we are working toward seeking some significant funding outside of the Guild. Hoping that the end result will be to give us all more energy for the fund-raising that we must do, and the time to just enjoy our fellowship and the satisfaction of all that the Haliburton Highlands Guild of Fine Arts has accomplished in its existence.

I would like to thank each of our present Board of Directors for the energy they are expending toward getting us back on track

WINTER HOURS: 8 a.m. to 5:30 p.m. Monday to Saturday

OPP notes

During the week of October 31 to November 6 officers at the Minden Detachment investigated 63 general occurrences and 10 traffic accidents. Only one of the accidents resulted in injury.

Stolen truck

Early Sunday morning, November 6, a pick up truck was stolen from the driveway of a residence on Highway 121 south of Minden. It was only driven a mile before being involved in an accident. The driver was treated at Minden Hospital.

Charged with theft and careless driving is Steven Carson, age 29, of Scarborough.

Theft of coat

During a dance at the Haliburton High School on Friday evening someone stole a leather coat belonging to one of

the students. The matter is still under investigation.

Shoplifting

A sweater stolen from Cox's Apparel in Minden on Tuesday evening has resulted in charges of theft under \$1000 against Shelly Lynn Marentette, age 24, of Cambridge.

Stolen car recovered

A car stolen from the village of Haliburton on October 31 was recovered in the village of Newcastle on November 2. Three young offenders have been charged with theft over \$1000.

Driving tip of the week

Headlights on motor vehicles are required to be on from one half hour before sunset until one half hour after sunrise. Headlights on during the day help avoid accidents by making you visible to other drivers.

Craft show starts Saturday

Beginning on Saturday, November 26 and continuing until Thursday, December 22, the Haliburton Highlands Guild of Fine Arts will be holding its fifteenth annual Christmas Craft Show and Sale at the Rails' End Gallery. This fundraising

event for the Guild features a wide variety of fine arts and fine crafts.

The Rails' End Gallery is housed in an historic railway station in the town of Haliburton. The Gallery is open to the public from Tuesday to Saturday, from 10 a.m. until 5 p.m.

For your service

(from page 4)

As this is a new concept for most Kinettes we will try to assist in as many ways as possible. The new membership program "Growth For Us For The Future", can be used for Kinettes as a recruitment tool. For women in and around Minden, between the ages of 21-45 that want something that can be very rewarding in community

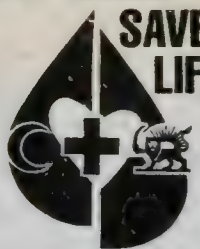

service work, and an awful lot of fellowship within the Kinettes club, please phone me at 286-2632.

Being a Kinettes is not all work but we have many social functions as well. Please think about what you have to offer to your community and to our club and we will introduce you to the only all Canadian women's club in Canada. We would be very happy to have you.

Paperweights on display at Rails' End Gallery

The Rails' End Gallery is hosting an exhibition of paperweights from Friday, November 25 until December 22.

Paperweights were originally invented by glass factories to show-case the skills and talents of their artisans and in turn, attract

potential customers. This exhibit celebrates the form of the paperweight. Traditional glass paperweights with a contemporary twist, wood, copper as well as porcelain paperweights will be featured. All have been designed and carefully crafted by six

outstanding Ontario artists.

The Rails' End Gallery is housed in an historic railway station in the village of Haliburton. The Gallery is open to the public from Tuesday to Saturday, from 10 a.m. until 5 p.m.

Did you know?

by Doreen Hawman

As a senior are you aware of all services and programs available to you? The 1988 "Guide for Senior Citizens" published by the office for Senior Citizens Affairs, provides a reference to the wide range of services and programs available to senior citizens in Ontario. Federal

programs and services can be found in the recently released booklet called "Seniors Guide to Federal Programs and Services". While some services for the seniors become available automatically, many others require that you complete an application. For that reason it

would be to your advantage to secure copies of these guides to ensure that you are receiving every benefit available to you.

To pick up a copy of each of the guides contact your nearest Information Centre. In Haliburton the centre is located in the Drag River Municipal

Building, Maple Ave., open Monday to Friday, 10 a.m. - 4 p.m. or call 457-2733. For the residents of the Minden area, the office situated in the Municipal Building, Milne Street, is open every Tuesday from 10 a.m. - 4 p.m. or call 286-4100.

THANK YOU

My sincere thanks to all my friends in Lutterworth who worked on my behalf in the recent election. I appreciate the effort of all of you who took the time and trouble to vote for me.

I shall continue to serve you, as always.

Gap is widening

The Rockcliffe is still in top spot in the Minden Men's Recreational Hockey League and the undefeated team is starting to widen the gap between them and their closest competitor.

With their 9-6 win over Vasey Real Estate last Monday night at the Minden arena, the Rockcliffe maintained their perfect record and boosted their lead to two games over Halls Insurance, The

Times and Home Hardware, who all share second spot with two wins each.

Vasey and Hartwick Construction are tied in the basement with one win

(more on page 27)

Locals shine at Skokie Skate

The Minden Skating Club was well represented at the Skokie Skate in Huntsville, on November 12 and 13.

The girls who participated were Marita Schrader and Kristi Barkwell in the Pre-Juvenile 'A' event, Janene Garbutt in the Juvenile Ladies 'B' event, Andrea Pawluch in the Pre-Juvenile Ladies 'B' event and Cori Barkwell in the Pre-Novice 'B' event.

Kristi placed second in her flight and Marita

fourth. Janene placed second in her flight and tenth overall. Andrea was third in her flight and tenth overall. Andrea was third in her flight and placed fifth in the finals. Cori was third in her flight and placed third overall.

These girls are coached by Jane Symons and it is really rewarding to see the progress that these girls are making this year under her careful guidance and coaching. Congratulations girls!

Janene Garbutt, Kristi Barkwell, Marita Schrader, coach Jane Symons, Cori Barkwell and Andrea Pawluch.

by Lisa Kerr

Hello Fans.

I received a good response with regards to writing for our team. I'm hoping other teams' parents will try to follow suit, because it is a sport that does involve the whole family. Not necessarily each game or practice but throughout the whole

hockey season. Mom and Dads rush their normal routines from work and supper in order to make sure their son is on time at the arena. Grandparents, aunts and uncles are no strangers in our dressing room! The smaller siblings must endure the long time spent on the road to a game away. Sometimes the driving to a game may be a

real test of skills! I do want to say even though the boys are the ones who actually do the skating, it's the family that works together to get them there to skate. We've developed a good bond between the hockey families and so when I write, I try to portray a general opinion gathered from each game. On November 10

Cannington's hard-skating team were defeated 2 - 0 here in Minden. Anderson who always plays a very hard game, whipped in our first goal. Even though both teams seemed matched, our defence boys Camelon, Ripley, Todd and Casey blockaded the puck or player from venturing back to our goalie. Ranson also played

a very good game having the edge on the puck many, many times! His parents also had a 'tough game'. Anderson also had a penalty shot which he outplayed the goalie bringing the score to 2 - 0. Walker gained another shutout to his record. Special mention goes to Cannington's goalie who played a long hard game.

On Saturday, November 12 Manvers team arrived here to play our boys for their first time ever. Majority of the play was in the Manvers end resulting with a 4 - 0 game for Minden. A lot of our success right now bends toward the fact the boys are learning that passing

PROPERTY ASSESSMENT

and your 1989 Municipal and School Taxes

Regional Assessment Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

Assessment Rolls are prepared and delivered to municipalities which use them to set mill rates and calculate property tax bills. The amount of property tax you will pay on your home or business in 1989 is determined by multiplying the assessed value of your property by the mill rate.

If you want to learn more about your property assessment, the Regional Assessment Office invites you to attend its Open House Session.

Open House Sessions

Open Houses are held in every municipality at convenient times and locations to provide you with the opportunity to discuss your assessment with the staff of the Regional Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any inaccurate information prior to the delivery of the Assessment Roll to your municipality.

If you have any questions, but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Notice of Property Valuation

Property owners and tenants will receive a Notice of Property Valuation only if information relating to their property assessment was changed during the past year, if the assessment was appealed last year, or if there has been a general reassessment in the municipality. If you receive a Notice of Property Valuation, it may reflect changes you have requested in your school support designation, in the amount of your assessed value, or other recorded information on last year's Notice.

Appeal Procedure

If, after attending your local Open House, you are still dissatisfied with your assessment, you have the right to appeal it to the Assessment Review Board. This Board is responsible for determining whether the assessment under appeal is fair and equitable with the assessments of similar properties in the vicinity. The Assessment Review Board is more informal and relaxed than a regular court of law.

Appeal Deadline

The final date for appealing your assessment is January 10, 1989.

If you wish to appeal your assessment, you can use the form provided on the back of your Notice of Property Valuation, write a letter, or use a Notice of Appeal Form. You need to include your property address, roll number, and the reason for the appeal. Your appeal must be filed on or before January 10, 1989.

To assist you, Notice of Appeal forms and the address of the Regional Registrar of the Assessment Review Board are available at Open Houses, your Regional Assessment Office, or your municipal office.

Schedule of Open Houses

Anson-Hindon-Minden Townships . . . Thu. Dec. 1, 1 p.m. - 8 p.m.

Lenny earns shutout

(from page 25)

each.

Home 4, Hartwick 0

Dwain Lenny did the impossible. The Home goaltender earned a shutout in this high-scoring league, helping his team to the victory in the first game last Monday night.

Lawrence Lougheed did not score a hat-trick in this game, but he did manage to put one past Hartwick goalie Kevin Smith. John McAdam, Dave Rogers and Dave Wheeler were the other three goal scorers in this match.

Times 8, Halls 7

The Times' 8-7 win over Halls in the second game of

The Standings

	W	L	GF	GA	P
Rockcliffe	4	0	43	23	8
Halls	2	2	36	32	4
Times	2	2	22	40	4
Home	2	2	18	23	4
Vasey	1	3	21	25	2
Hartwick	1	3	21	18	2

the night was something like a ping-pong match. Every time The Times scored a goal, Halls matched it with one of their own. But when the clock stopped, The Times had the lead and there was no more opportunity for retaliation.

This was the second win of the season for The Times, while Halls accepted their second loss. These teams are now in a three way tie for second

place with Home.

Greg Newell did the bulk of the scoring for the winners with a hat-trick. Ben Manuge scored twice while Craig Crowe, Merv Mintz and Dave Pettes each scored one.

Dave Hartwick scored three times for Halls, followed by Brian Shaw with two. Colin Wilson and Murray Beetlestone each scored one for Halls.

Rockcliffe 9, Vasey 6

Scott Hamilton was largely responsible for the Rockcliffe's 9-6 win over Vasey in the final game of the night. He scored six of the Rockcliffe's goals while Tom Haley, Scott Gartshore and Jason Stamp each scored one.

Vasey's six goals were well spread out. Harold Cowen, Ivan Ingram, Dennis McKee, Dave Bezner, Ron Lloyd and Tom Eager each scored one.

The fifth week of the schedule will be played out tonight. Halls takes on Vasey at 7 p.m. Hartwick and Rockcliffe face off at 8:30 p.m. and Times and Home meet in the final game at 10 p.m.

Dorset Acid Rain report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing station in Dorset and compiled by Environment Canada.

The following report is for the period of November 6-12.

November 6 - 2 mm rain, 4.5 pH, from Iowa, Illinois, Indiana, Ohio and southern Ontario.

November 8 - 2 mm rain, 4.2 pH, from Indiana, southern Michigan and southern Ontario.

November 9 - 17 mm rain, 4.2 pH, from Ohio and southern Ontario.

November 10 - 8 mm rain, 4.4 pH, from Ohio, Pennsylvania, New York and eastern Ontario.

November 12 - 11 mm mixed rain and snow, 4.3 pH, from West Virginia, Pennsylvania, and southern Ontario.

COUNTY OF HALIBURTON
ROADS DEPARTMENT

SNOW REMOVAL

The Highway Traffic Act RSO 1980, C198 - S147, Revised 1982 states "No person shall park or stand a vehicle on a highway to interfere with the clearing of snow". A constable may have the vehicle removed from the roadway and stored at the owners' expense.

Section 157 states "No person shall deposit snow or ice on a roadway without permission in writing from the road authority responsible for maintenance of the road." The penalty on conviction is a fine of not more than \$50.00.

The co-operation of all motorists in these matters would be appreciated for efficient winter maintenance of County Roads and the safety of others.

Team work is always important

(from page 26)

the puck and thinking ahead combined with knowing their positions gives more opportunities for shots on net.

Again coach Todd stresses a team works together. Our goals and assists are Stephenson one

goal, Todd one assist, Donnery two goals, Anderson one goal one assist, Carpenter two assists, Ripley one assist.

My special mention goes to two boys this week, Daniels and Ripley. Daniels has shown great improvement this year as he has become a more

aggressive wing player. Daniels is a good skater and now tries hard to keep after the puck. Twice this week Daniels had put two goals into our opponent's net but just a second or two after the whistle was blown. Keep up the good work Daniels!

Also Ripley brought the game to a peak of entertainment by shooting an excellent shot on net - his own goalie quickly realized this excellent shot was coming at him! Needless to say the puck hit the side bar of the net much to the

relief of coach Todd and Ripley's mother. Mrs. Ripley did stand and take a bow as we know all too well it can happen to anyone's son! Kerr receives another shut out.

Sunday, November 13 we headed south to Little Britain for an afternoon game. We had heard that this could be a hard game as Little Britain had tied 3-3 with Cannington. Much to our relief our boys won 8-0. It just goes to prove that every team can have an off game.

Here are our goals and

assists Donnery one goal one assist, Ranson two goals, Todd one goal, Carpenter one goal, Anderson three goals one assist, Casey one assist, Stephenson one assist.

Special mention goes to Todd and Carpenter. Todd is a great defence player who seems to be able to skate the whole rink many times over and still have the energy to chase the player heading toward our goalie. Todd plays his position faithfully but when the right opportunity arises with the puck he can

weave his way down to the other net and make a shot at the net.

Carpenter also, I'd like to mention, as he has become a player who knows his position of wing and doesn't give up working. Carpenter has come very close during these past games with the puck on net but can't seem to get past the goalie. So when Carpenter, as in this game, gets two goals it means a lot to him and us. Walker adds another shutout to his record! Great game guys!

The move is on

by Marion Streb
Federation of Ontario
Naturalists

This is the season of migrating waterfowl. In marshes and lakes across southern Ontario the great movement is on. Flocks of waterfowl are moving just far enough south to escape the winter freeze. This week north of Sudbury small lakes were already rimmed with shelves of ice.

Some will be heading out to the Atlantic coast or down to the Gulf of Mexico, but for many ducks the sunbelt is only as far south as the open waters of the Great Lakes. This month large flocks of waterfowl will be gathering at various points along the Lakes where they will remain until next spring. Many of the late arrivals are diving ducks which prefer the open lake. These habits make it possible for them to survive winter successfully on the Great Lakes.

Puddle ducks which tip up in shallow water are more directly affected by severe freezes. However, many puddle ducks like diminutive Green-winged Teal often linger until freeze-up on mudflats and marshes. Another puddle duck, the Northern Shoveller, will sometimes spend the winter on the open corner of a frozen pond. Other species of

dabblers like Gadwall, Wigeon and Mallard have established resident populations in pockets along the lakes and remain year round.

But the main interest for birdwatchers is the chance to observe northern diving ducks at close range. Large flocks of "bluebills", the common name for Scaup, have arrived, and out on the lake a listener can hear the whinnying call of the Oldsquaw, an Arctic nester. A line of Common Mergansers, flying just above the water, are recognizable by their rakish profiles and the amount of white the male shows. Close up the male displays a peach wash on its breast.

Sometimes at this time of year one can see all three merganser species. Red-breasted Mergansers which congregate in large numbers in the Niagara River are smaller and darker than the Common. Still smaller is the secretive little Hooded Merganser. With its chestnut sides and white head patches, which fan out to form the hood, the male rivals the male Wood Duck for the title of our handsomest duck. Another handsome diver, the Common Goldeneye, makes a distinctive wing whistle in flight.

Watching these ducks now it is difficult to remember the long, hot,

dry summer which took its toll on waterfowl. After a second summer of severe drought, populations of prairie ducks like Pintail, Canvasback and the prairie population of Blue-winged Teal have been severely reduced. In Ontario, where it was also a difficult year for waterfowl, the Canadian Wildlife Service believes that breeding populations have not suffered as they have on the prairies. For instance, Ontario mallards are holding their own, unlike the prairie population which has been hard hit.

Darrell Dennis, Waterfowl Surveys Biologist for the Canadian Wildlife Service, says that, aside from the continuing decline of the Black Duck, the only other species in Ontario giving some concern at the moment is Green-winged Teal. Overall, however, duck populations are down, some like the pintail and the prairie population of Blue-winged Teal by nearly 50 per cent. Faced with this marked decline some sportsmen think the government should be looking at greater restrictions on duck hunting.

However Dennis feels that in Ontario where populations are relatively stable the present restrictions are adequate. In the U.S. where there have been charges of persistent over-hunting, especially in

states at the southern end of the Mississippi flyway, restrictions are much tighter this season.

An encouraging development for the future health of the North American duck population is the official acceptance of the fact that it has to be treated as one population. In 1986, with a view to reversing the overall downward trend of waterfowl populations, the governments of Canada and the United States signed The North American Waterfowl Management Plan.

This year the first stage of the plan was kicked off when Ottawa finally released its share of the funding. Of the \$1.5 billion program aimed at saving waterfowl \$1 billion will be spent in Canada with \$750 million coming from U.S. funds. The first project, in the Quill Lakes area of Saskatchewan, will concentrate on the conversion of marginal agricultural land, through lease or purchase, to grass for nesting cover. Plans for future habitat improvement and restoration in Ontario as well as on the prairies are encouraging. There are also provisions for annual consultation about hunting regulations.

Such agreements which recognize ecological imperatives rather than political boundaries may be a hopeful sign for the future of waterfowl.

Simmons upsets in Snowdon

Fence mending is needed

There will have to be a lot of fence mending in Snowdon Township before harmony is restored at the council table after last Monday's surprising results in the race for Reeveship.

George Simmons, who claimed in his campaign that the township's economy has grown stagnant and declared the roads here to be the worst in the county, was successful in his bid to unseat the long-serving incumbent Bob Vick. All four of Vick's co-accused, were returned, though, setting the stage for conflict at the council table.

Simmons, who captured 256 votes to Vick's 181, is new to municipal politics. He is making a transition after serving for the past

six years as a trustee on the Haliburton County Board of Education.

During the campaign, Simmons referred to the past council as "the king and his court." The "king" may be gone now, but all four members of the "court" are back.

Deputy Reeve Dwain Wruth was returned by acclamation. Al Jopling led the polls for council seats with 300 votes. Ron Burk won 281 votes and Jack Hills was returned with 226 votes. Mike Carpenter and Wally McMullen were off the pace with 110 and 91 votes.

For Vick, who campaigned mainly on his past record of tax control, last Monday's election spells the end to 20 years at the helm in Snowdon.

Voter apathy thrives across the County

(from page 1)

closer, which helps account for the rise in the turnout at the polls to 19 per cent of all eligible the 50 per cent mark in 1985.

Voter participation in Anson, Hindon and Minden fell slightly to 25 per cent. Stanhope was down to 12 per cent, Monmouth was at 19 per cent

and Sherborne et al fell to nine per cent.

Lutterworth was down from 17 to 14 per cent, and in Cardiff the turnout was 11 per cent.

This is up from 1985 when only 15 per cent of the eligible voters marked ballots.

Glamorgan Township also saw a doubling in the turnout, from four per cent in 1985 to eight per cent last Monday. Overall, though, the turnout was down across the county.

As is customary, Bicroft had the best showing as 43 per cent of its voters made their mark. But even here, the turnout was down from

Graham challenges count

(from page 1)

Verne Graham is challenging the count. Graham trailed Lewis by only three votes in last Monday's count. No date has yet been set for the recount here.

Three candidates are still up in the air after the count in Monmouth produced very close results for the second and third council seats. Joyce Barras and Dwayne Tighe each received 210 votes, while Jim Deferling trailed by two with 208 votes. No date has been set for a recount.

In Stanhope Township, only one vote separates the candidates for the final seat on council. Monday's count gave Barbara Nangle 278 votes, one more than Eleanor Harrison's 277. The recount for this township is set for November 29.

A very close race among three candidates in Lutterworth Township is enough for at least one to ask for a recount. The election-night count gave incumbent councillor Lisa Mercer 167 votes, just enough to take the third and final seat on council. Challenger Don Grozelle trailed by only three votes and has requested a recount, which is scheduled to take place on November 28. Incumbent Councillor Elizabeth Wright is also very close in the election, trailing Mercer by just six votes. Last Monday's count shows Mercer with 167 votes to Grozelle's 164 and Wright's 161.

Three County members ousted

Acclamation or defeat was the order of the day for incumbent members of Haliburton County Council when voters went to the polls in the municipal elections last Monday.

Of the 16 members of the past county council, 11 were seeking re-election. Eight of those 11 won by acclamation and the other three were defeated at the polls.

Former Minden Reeve Sinc Nesbitt lost his seat on county council when voters chose Ray Moore to head up the township. Bob Vick, who has been the Reeve of Snowdon Township for 20 years was also defeated in the election and will be replaced on county council by George Simmons. The third defeat was handed out to former Dysart et al Deputy Reeve Sid Cooper. Cooper will be replaced by Bill Davis.

The election results mean that half the seats on county council will be filled by new people. The following are those who have been elected to sit on County Council for the next three years. ('A' represents acclaimed. 'I' represents incumbent).

Bill Howe, Bicroft Reeve (A,I).
Keith Tallman, Monmouth Reeve (A,I).
Don Shortreed, Sherborne Reeve (A,I).
Murray Fearrey, Dysart Reeve (A,I).
Bob McCausland, Glamorgan Reeve (A,I).
Carol Puffer, Lutterworth Reeve (A).
Bern Berry, Minden Deputy Reeve (A,I).
Harry Davis, Stanhope Reeve (A,I).
Jim McMahon, Lutterworth Deputy Reeve (A).
Ann Barker, Stanhope Deputy Reeve (A).
Morris Bradley, Cardiff Reeve.
George Simmons, Snowdon Reeve.
Bill Davis, Dysart Deputy Reeve.
Ray Moore, Minden Reeve.
Glen Madill, Glamorgan Deputy Reeve.
Ed Vallance, Sherborne Deputy Reeve.

GLAMORGAN

Eligible voters: 2,718
Ballots cast: 230 (8%)

Reeve

Please submit names before 4:30 p.m., Friday, December 2, 1988, to Mary Mysyk, Clerk-Treasurer.

senior league

by Pearl Lyle

Hi readers - Lovely weather after a not so good weekend. Mr. Morley spent the weekend with his family in Toronto. I had my grandson, Bruce Lyle and daughter Heather of London, Ontario for dinner Sunday evening.

Winnie Barnum was out with her son Terry from Haliburton for dinner Saturday night. I am glad to report Nancy Carefoot of Hyland Crest will soon be home recovering nicely after major surgery.

Some late news, but just received, Mrs. Buttery had

as visitors Francis and Dorothy Cowan two weeks ago and a week ago she had Bill Borden and Lorne Griffith.

Our sympathy goes to the family and friends of Bert Young and Harold Hogg of Kinmount who recently passed away.

Our Thursday Tea was brought in by the Haliburton Rug Hookers. It was lovely, both the food and the music.

Doris and Linda took a bus load of residents to Lindsay on Friday last to do some Christmas

shopping, it wasn't a very nice day but they enjoyed it just the same.

Our Chapel Service Sunday evening was in charge of Rev. John Burgess and on Tuesday morning by Rev. J. Fast of Minden Gospel Church.

November birthdays at Hyland Crest are as follows: Margaret Sisson, Mable Buttery and Mary McKelvey. We were really glad to have Mr. Payne and his musical pals back to sing and play for us, it seems a long time since they were here last.

Au revoir.

Outside a church in Las Vega: "Come on in, any number can pray."

* * *

Hello Readers - Lovely

weather again. Thank goodness that big election is over once more.

Birthdays for November are Margaret Sisson, Mary McKelvey and Mable Buttery. Many happy returns.

Rev. J. Burgess had the service Sunday evening and Tuesday Morn it was in charge of Rev. Moll of the United Church. The Bazaar and afternoon Tea held in the auditorium on Thursday was very well attended. Mrs. Lillian James won the draw.

Mr. and Mrs. Cameron of Peterborough came on Saturday and took Winnie Barnum to their cottage for lunch and the afternoon.

Our sympathy goes to

Monday, November 21, 1988

the family and friends of Mrs. Henrietta Brentnell, who passed away suddenly at Hyland Crest.

Mrs. Stinson had company on the weekend. Marshall Harrison had his son in for a visit. Mrs. Casey had her daughter in to see her.

There was no movie Monday night as the auditorium was occupied with the election.

Jean and George Hewitt made a call here on Sunday afternoon. Sorry to say that Dora Dawson is still not very well. We do hope she will soon be better. Stella Stinson is not well

either. She has had a very bad cold and sore throat. She also had company on the weekend.

Harry Foy went to church with some of his family on Tuesday. Jim Upton and his wife and mother came to see me on Tuesday afternoon. His mother, Cora Upton will soon be a resident here.

Guests for Ada Turrall on Tuesday were her daughter and husband, Mr. and Mrs. George Moulton.

All till next week.

"Every day is a fresh beginning. Every morn is the world made new."

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON AND MINDEN

NOTICE

(File #RA-87-11)

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners portions of the original allowance for road along the shore of Kashagawigamog Lake, lying in front of Lot 26, Concession 5, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) (a) of the Municipal Act, R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider, and if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on Tuesday, December 6, 1988, at the hour of 8:00 p.m., a By-law to stop up, close and convey those parcels of land more particularly described as follows: -

Part of the original allowance for road along the shore of Kashagawigamog Lake in front of Lot 26, Concession 5, in the Township of Minden, in the County of Haliburton, designated as Parts 2, 3, 4, 5, 6 and 7 on a Preliminary Plan of Survey by Bishop and Wilson Ltd., Ontario Land Surveyors, dated June 15, 1988.

The plan of survey is available for inspection in the Municipal Office, Minden, Ontario, during regular office hours.

AND FURTHER TAKE NOTICE that before passing the said By-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Minden this 17th day of October, 1988.

Craft show starts soon

by Elene J. Freer

The craft show you have been waiting for all year long is finally here! On Friday, November 25th, beginning at 7:30 p.m., the Haliburton Highlands Guild of Fine Arts will open the doors to their fifteenth annual Christmas Craft Show and Sale. From top to bottom, the Highland Room of the Rails' End Gallery will be filled with a variety of hand-made gifts. These treasures have been created by many of your favourite and familiar Guild members; however, there are also some fresh faces with new items.

The Guild's Christmas Craft Show and Sale opens on Friday, November 25th, at 7:30 p.m. Come down and listen to the voices of the Guild's Choir raised in song and sip some piping hot apple cider. The Christmas Craft Show and Sale continues until Thursday, December 22, and is open to the public from Tuesday until Saturday, between 10 a.m. and 5 p.m.

The Guild Choir's next performance will be on Wednesday, December 7th, beginning at 8 p.m. at the Haliburton Highlands Secondary School. The guest pianist is Douglas

Cutler. Tickets for this musical evening are just five dollars and are available from Marilyn Stouffer (489-2395) or at the Rails' End Gallery.

Finances no obstacle for dental health

On September 27, 1987 a dramatic achievement was reached in regard to children's dental health in Ontario. This date marked the first cashflow from the Province to Health Units in Ontario to institute the Dental Program For Children.

As a result, it is now possible to say that no elementary school-aged children in Ontario need be deprived of necessary dental care as a result of financial need.

Ontario's 43 local health units have been given the challenge of administering this new 100% funded Ministry of Health program. While the identification of eligible children, and their follow-up and referral is integrated into the School Dental Health Program, it is the family dentist who provides necessary remedial treatment under this Program.

During the first Program year ended August 31st, 595 children were identified as being in urgent or acute need of dental treatment in the counties of Haliburton, Victoria and Northumberland. These children were assessed in the School Dental Screening Program or at a Health Unit Preventive Dental Clinic. These latter clinics are held each month or as needed, at each of the Health Unit's offices in Cobourg, Brighton, Campbellford, Lindsay and Haliburton.

Parents of all "urgent" or "acute" children are given a Parent Notification Letter advising them of their children's treatment needs. Through signature of the financial hardship

"block" on this letter, and its return to the Health Unit, access is possible to the Dental Program For Children. Of 595 children eligible on the basis of treatment needs, 348 children did enter the Program as a result of their family's financial hardship. By Program year end, the Health Unit had processed 320 claims from 63

different dentists. The value of service provided through these claims was valued at \$53,515. Claims were processed weekly, thus achieving no more than a 2 week "turn around" time in claims payment.

As with any new Program, there are administrative start-up costs. These totalled \$7,644, which were all related to computer hardware purchase and software development. The custom software designed by Loyalist Management Systems, Belleville is now in use by 15 other Health Units in Ontario. Administrative

functions provided by computer include the recording of information of all urgent and acute children, initiation of claim forms, validation and payment of claims, cheque writing, and reports for follow-up, for preventive clinic recall, and for internal and Ministry of Health purposes.

With 12 months experience now behind us, we can say that our Health Unit has successfully risen to the challenge of the local administration of a valuable new Program. The co-operation and participation of local dentists in this new Program is appreciated.

CARD OF THANKS

The family of the late Edith Carlton wish to thank Dr. Dawson and Dr. Richer, the staff at Minden Hospital, Gordon A. Monk Funeral Home, friends and neighbours who called, visited, sent cards or food for their much appreciated thoughtfulness.

Betty & Bill Simmerson and Tom Carlton

Thank you. Many thanks to all friends and relatives who made my surprise 65th birthday tea such a delight on Sunday, November 13 in the C.E. Building, Carnarvon. Guests attended from Toronto, Milwaukee, Lindsay, Wilberforce, Highland Grove, Cobocok, Severn Bridge, Ingoldsby, Irondale, Minden, Carnarvon and Maple Lake area. Special thanks to my daughter Judy and Albert and family and others who helped in any way. Thank you.

Velda Harrison

We would like to express our sincere thanks to all who were so helpful and kind to us at the time of the death of our brother, Lester Hicks. Many thanks for floral tributes, memorial donations, cards, phone calls, to the Monk Funeral Home, to Rev. Crighton for his kind words, and to the Ingoldsby U.C.W. for the lunch served after the funeral. At this time we would like to express our sincere thanks to Dr. Good, Extencicare, V.O.N., Red Cross Homemakers and Meals on Wheels. A special thank you to friends and neighbours who were so kind to Les while he was at home; for visits, telephone support, baked goods which he thoroughly enjoyed, for keeping his driveway cleared in winter, for transportation and kindnesses too numerous to mention. We especially thank Elva Milburn for her untiring efforts on Lester's behalf. No words can really express the gratitude we feel for the kindness and concern shown by his friends.

Reg and Doreen, Don and Lorna, Chuck and Toots, Helen and Al (Newton), Maurice and Liz, and Harold.

CARD OF THANKS

Thank you. Special thanks to the people of Norland at the time of the accident, Tuesday morning, November 15.

Judy Vesey and family

To the people who offered prayers, inquired, telephoned, sent cards, letters, flowers during Les's time in hospital we are most grateful. All of this was of great support during our stressful time waiting for surgery. Les is recovering well but has a long way yet to complete health. God bless you all - your caring is much appreciated.

Audrey and Les Northey

IN MEMORIAM

COXHEAD: In loving memory of a dear husband and father Kenneth Coxhead, who passed away November 20, 1987.

He is gone, but not forgotten
And as dawns another year.
In our lonely hours of thinking
Thoughts of home are always near
Days of sadness will come o'er us
Many think the wound is healed
But they little know the sorrow
That lies in the heart concealed.

Inserted by his loving wife Shirley and son David.

HUGHES: In loving memory of our dear sons and brothers who passed away suddenly. Laverne, August 20, 1978 and Lanny, November 29, 1982.

Softly the leaves of memory fall
Gently we gather and treasure them all
Unseen, unheard they are always near
Forever loved and missed and very dear.

Ever remembered by Mom, Dad, sister Lenore, Neil and Wendy Bryce and Cathy and families.

- ads taken by telephone and requiring billing: minimum charge of \$5.00
- Obituaries - \$12.00
- Legal notices - \$12.00
- Commercial classified display - \$7.50

IN MEMORIAM

DAVIES: In loving memory of our dear mother, Norma C. Davies who passed away November 23, 1986.

Sweet memories will linger forever.
Time cannot change them, it's true
There is not a day dear mother
That we do not think of you.

Sadly missed by her family
Tara, Tim, Steve and Debbie.

IN MEMORIAM

DAVIS: In loving memory of our dear friend Norma C. Davis, taken from us November 23, 1986.

We often sit and think of her
When we are all alone
For memory is the only thing
That grief can call its own.

Always remembered and
sadly missed by Susan and
Joan.

TO THE VOTERS OF ANSON, HINDON & MINDEN

Thanks to everyone who voted for me.
Thanks to everyone who helped with the election.
Thanks to all who challenged because they too were concerned.

Please continue to be interested and keep me "on track".

NOW LET'S GET AT IT AND PULL TOGETHER.

MIKE MAHER
